

January 2016 Newsletter

"The Anchor"

Roger:

Time for the new year! We have a 2015 annual report in our newsletter this time, and some new 'quotes' for you to enjoy. Please [click here](#) to download and enjoy the PDF newsletter.

The "Ryndam" above is a Holland America ship, like the new-build "Koningsdam" mentioned in [the newsletter](#). Do you see the sailor in the lower left of the picture? Work can be dangerous for a seaman!

Our website is www.seamission.org, which has been recently refreshed with some nice features. Our Facebook page name is "[akseamission](#)", and

has some current updates from Seward. I think you'd like what you see when you visit. Thanks!
